

## Enhance – Pre Wash Spray

A modern, environmentally responsible replacement for heavy solvent based pre wash sprays on the market today.

- New generation, surfactant based formula suitable for use on all washable fabrics.
- Active ingredients are absorbed into oily or organic stains to begin breaking them down before the wash begins.
- Provides superior stain removal.
- Concentrated formula delivers outstanding economy and reduces landfill potential.

FEATURES	BENEFITS
Natural citrus solvent	<ol style="list-style-type: none"> <li>1. Small level of Orange Oil solvent (2%) increases the product's affinity with oil-based contaminations</li> <li>2. Begins to solubilise the contaminations and break down the bond that adheres them to the fabric - before the wash begins!</li> <li>3. The surfactant bases are released into the wash cycle and actually increase the efficiency of the overall wash</li> </ol>
No petroleum solvents	<ol style="list-style-type: none"> <li>1. Petroleum hydrocarbons are common in supermarket brands. Most contain over 80% petroleum solvents</li> </ol>
Readily Biodegradable	<ol style="list-style-type: none"> <li>1. Adds no measurable load to effluent treatment systems</li> </ol>
Fabric safe	<ol style="list-style-type: none"> <li>1. Safe for use on all colourfast fabrics</li> <li>2. Will not contribute to fading or shrinkage</li> <li>3. Will not affect the crease retention of permanent press or pleated fabrics</li> </ol>

- No nasty chemicals
- Quick and easy to use
- Superior stain removal
- Gentle on fabrics

### Directions for use:

Dilute 150mL product in 500mL spray bottle and fill with water. Spray directly onto stains. For best results, leave sit for 2 minutes before washing.

\* Number of Litres is based on usage of 150mL per 500mL spray bottle..

### Contains NO:

caustic alkalies, fillers or extenders, petroleum by-products, SLS, toxic colours or fragrances, chlorine, ammoniates, EDTA, parabens, or formaldehyde.

### INGREDIENTS

Coco Glucoside, Sodium lauryl glucose carboxylate, Fatty Alcohol Ethoxylate Blend, Lauryl/Myristyl Trimethyl Quaternary Ammonium Chloride Mixture, D`Limonene, Methyl Methoxy Butanol, Ethanol, Orange Oil.
