

## Hyaline – Glass Cleaner

A natural based spray cleaning concentrate for glass and mirrors.

- Creates a crystal clear sparkle that inhibits misting and fogging.
- Reduces finger marking and re-soiling.
- Removes residues, gums, dust and road grime with ease.
- Leaves treated surfaces with a unique polished effect.
- Excellent for vehicle windscreen reservoirs.
- Concentrated formula delivers exceptional economy and reduces landfill potential.

FEATURES	BENEFITS
Natural based solvents	<ol style="list-style-type: none"> <li>1. Sugar cane base provides a non-pollutant formula</li> <li>2. Replaces ammonia and hydrocarbon solvents that are commonly used in ordinary window cleaners</li> <li>3. Non-alkaline formula makes this product the most responsible of its kind</li> </ol>
No petrochemical ingredients	<ol style="list-style-type: none"> <li>1. Natural renewable surfactant ingredients ensures ready biodegradability</li> <li>2. Mild for use by those with sensitive skin</li> </ol>
Unique polymer additive	<ol style="list-style-type: none"> <li>1. Creates a crystal clear sparkle</li> <li>2. Inhibits misting and fogging</li> <li>3. Reduces finger marks and resoiling</li> <li>4. Leaves a unique, polished effect on all hard surfaces</li> <li>5. Inhibits resoiling</li> </ol>
Concentrated formula	<ol style="list-style-type: none"> <li>1. Dilute with water before use</li> <li>2. You save money every time you clean your windows!</li> <li>3. Using fewer containers means less contribution to landfill</li> </ol>
Highly effective	<ol style="list-style-type: none"> <li>1. Penetrates and removes all soils, sticky residue, dust, gum and road grime</li> </ol>

• Creates fog-free sparkle • Reduces re-soiling potential • Ammonia free, non alkaline

### Directions for use:

For best results, do not use when glass surface is hot.

*Glass and mirrors* - dilute 200mL in 500mL spray bottle and fill with water. Spray over surface and wipe off using a clean, lint free cloth. Buff to a crystal clear finish using a clean, dry cloth.

*Vehicle reservoirs* - add 6mL per Litre of water.

\* Number of Litres based on a 500mL bottle at a usage of 200mL per 500mL spray bottle.

### Contains NO:

*caustic alkalies, fillers or extenders, petroleum by-products, SLS, toxic colours or fragrances, chlorine, ammoniates, EDTA, parabens, or formaldehyde.*

### INGREDIENTS

Ethyl Alcohol, Hexylene glycol, Silicon Based Surfactants, Cellulose Polymer, Methyl Methoxy Butanol, Food grade colouring.
