

### Maxim – Machine Descaler

An excellent maintenance product for your dishwashing and laundry machine, kettle, and coffee machine.

- A versatile powerhouse derived from sugar cane acids that prevents build up and clogging from hard water salts (or residues left from supermarket detergents).
- Removes unsightly hard water scale, stains, and other contaminations quickly.
- Leaves stainless steel bright and clean without the need for aggressive cleaning strategies.
- Cleans hard to reach areas and retains peak performance.

FEATURES	BENEFITS
100% organic formula	<ol style="list-style-type: none"> <li>1. Powerful descaling action without dangerous or corrosive characteristics associated with strong mineral acids</li> <li>2. Does no damage to surfaces or skin upon contact</li> </ol>
Readily biodegradable	<ol style="list-style-type: none"> <li>1. Organic acids and all other ingredients degrade quickly and completely to simple compounds</li> <li>2. No contribution to eutrophication of waterways</li> </ol>
Citric, Lactic and Acetic Acids provide a powerful trio	<ol style="list-style-type: none"> <li>1. Developed from sugar cane, these ingredients act synergistically to dissolve limescale</li> <li>2. Hard water scale is easily dissolved, thus eliminating water stains and calcium build-up</li> <li>3. Uric acid build-up, algae growths and other stains including rust can be removed from ceramic surfaces</li> </ol>
Tough on stains, gentle on contaminated surfaces	<ol style="list-style-type: none"> <li>1. Leaves stainless steel bright and clean without the need for aggressive cleaning</li> <li>2. Does not adversely affect stainless steel, chrome or vitreous enamel surfaces</li> <li>3. Cleans hard to get at areas, including plumbing and pumps</li> </ol>

- 'Must-have' machine maintenance
- Powerful descaler
- No corrosive or harsh ingredients
- Gentle on surfaces
