### New product: reusable sandwich wraps

**4MyEarth sandwich and snack wraps** are a fantastic re-usable (washable) wrap that keeps your food fresh. We use them ourselves and love them—a simple idea, and so timely with schools introducing rubbish free lunch days.

We are the VIC, Tas and SA distributors of 4MyEarth wraps so retail/wholesale/reseller enquiries are welcome.

#### Some features of these wraps:

- Keep your food fresh & act as a clean placemat
- Lightweight yet extremely strong and washable
- Easy for both children and adults to open and close
- Simply fold in sides, bottom, then top and seal with Velcro.

### New product: toothbrushes with replaceable heads

**The Monte Bianco toothbrush range** has medium-soft, end rounded bristles for perfect cleaning and massage. When the bristles have worn, no need to buy a whole new toothbrush, simply remove the detachable head and replace. Economical and a better use of resources! The secure replacement heads will not dislodge while brushing or cleaning the brush.
