'Easy Being' Oct 2008 WHOLESALE e-newsletter

Greetings! The weather is warming up and so are our social calendars. This month we look at **green catering & packaging supplies** for your event. Plus some **special October deals** for our subscribers. Please forward this e-letter to any of your colleagues who may benefit from it!

Wholesale customers please note:

- Wholesale price list available on request
- Minimum purchase of \$500 applies (let us know if this poses a problem)
- Pre-payment before despatch requested
- To order: either call or email us, or login to website and use shopping cart (when logged in, wholesale pricing shows instead of retail). Any problems, contact us...

Green Event solutions...

Running an event at your work-place? Here are some ways you can make it greener...

If you require disposable catering ware, choose biodegradable options: **Sugarcane fibre** plates, lunch boxes, bowls & cups; **PLA** containers, cups and straws; **bambooware** plates, cups, bowls and cutlery; **cornstarch cutlery**; and **areca palm sheath** plates & bowls.

For your paper consumables (napkins, kitchen towel, toilet tissue), **choose 100% post-consumer paper products** (these are made from recycled paper & contain no virgin wood).

For conference bags, try **compostable cornstarch bags** with your logo emblazoned on them, and give each participant a **recycled paper pen** branded with your company logo.
