'Easy Being' September 2009 WHOLESALE e-letter

Greetings! Welcome again to the now sporadic release of our whole-sale newsletter! We have some exciting new additions in this news letter and some changes in stock lines available at present. So grab a cup of your favorite brew, sit back and check out what we have available! **Cheers, Sean**

New products & product information...

Bio Platter now available!! We now have Areca palm leaf bio platters available. These beautiful and uniquely individual platters are 59cm x 30cm x 5-7cm (approximately- there is a bit of variation with each platter) in size and concave with the depth being the main variation.

They sell in boxes of 25 for \$73.25 (inc GST).

Sugarcane bowl—size change The we are no longer able to supply the 600ml sugar cane bowl. We have sourced a replacement bowl that is 680ml in size and slightly flatter in shape.

Sugarcane cups We have phased out the sugarcane cups we were supplying and now have a great alternative with **Bio cups** (see below).

Bio Cutlery We now have a second line of cutlery available that is almost half the price of our premium range cornstarch cutlery. The bio cutlery is made of cornstarch but is not quite as strong or big in size but still very good for parties/bbq's etc!

The range includes knife, fork, spoon, spork and teaspoon and comes in cartons of 1000 except for the teaspoon which is 2000.

Snack Bowl We have a 4 oz eatware snack bowl available. Perfect for samples and sauces etc. We hope to have a lid available for it before the end of the year.

Toilet Tissue We now have individually paper wrapped toilet paper in cartons of 48. No plastic wrapping at all!!

Spotlight on: BioCups

Bio cups: compostable PLA coated paper coffee cups

Our range of bio cups are made from FSC certified paper. Unlike traditional paper cups that use a petroleum based plastic lining, the BioCup uses a compostable corn-based plastic lining. Therefore, it is fully renewable, EN13432 certified compostable, and leaves a smaller environmental footprint. And it does so without adding anything that will distract from the rich, deep flavor you have come to know and love. The cups now have compostable sippy lids available so your customers will know they are enjoying not just great coffee but a cleaner finish to their drink! The cups are available in single and double wall varieties and in 8, 12 and 16 oz sizes.

Wholesale customers please note:

- Wholesale price list available on request
- Minimum purchase of \$500 applies (let us know if this poses a problem)
- Prices do not include postage/freight
- Pre-payment before despatch requested
- To order: either call or email us, or login to website and use shopping cart (when logged in, wholesale pricing shows instead of retail). Any problems, contact us...

Proud finalists in the Leader newspaper business achiever awards and Australian Home Based Business Awards

Thankyou to those who nominated us—we are thrilled that you are happy with our services, and if you don't know what we look like, here we are!!
